

Adding or Editing ACH Authorization Rules

Note: this is for manual additions, separate from adding rules during exception processing. For that process, please see Exception Processing User Guide

On Thursday, November 26th, no electronic transactions will be processed or transmitted as the Federal Reserve and Johnson Financial Group will be closed in observance of Thanksgiving Day.

Click an account tile to view details and transaction history.

ACH Authorization Rules

Add record

Account ID	Description	
Test 3666	ABC Company	
Company ID	SEC Code	Notification Type
9876543219	ALL - All SEC Codes	Create Exception
Debits or Credits	Max Allowable Amount	
Debits only	1000.00	

Cancel

Save and Add More

Save Changes

Fill in this screen.

Account ID: Select the account this rule will apply for.

Description: Enter a description for the rule. Typically, this will be the name of the company debiting your account.

Company ID: Enter the ACH Company ID of the company debiting you. **Do not leave this section blank**

SEC Code: Choose the SEC code you want to allow. We would suggest selecting **All-All SEC Codes**

Debits or Credits: Choose Debits Only as JFG will not be filtering out ACH Credits

Max Allowable Amount: Enter the highest dollar amount you want to allow for transactions to post. If you don't have a maximum, leave it blank; a limit of \$0.00 is equivalent to leaving it blank. Please note, if you enter a whole number without a decimal, the system will assume you are entering a whole dollar amount (500=500.00).

Click **Save Changes** to Save. Or, if adding multiple rules, click **Save and Add More**.

To Edit or Delete a rule, click the kabob menu on that rule and select **Edit Record** or **Delete Record**.

Edit Record will take you back to an identical screen as the previous Add Rule screen.

If you select **Delete Record** you will be asked to confirm deleting that rule. You should delete a record if you no longer want to allow debits from this company.
